

## TESTIMONIALS

Thank you for everything! We will let our friends know to call you for any special event. The music was wonderful! **Hugo and Judy**

You have no idea how many people came to me to say our banquet was the nicest ever...especially the brass group! That's you! When you started the program I admit I had a big lump in my throat because I realized the moment had come...and it was wonderful! Thanks for making our evening truly spectacular. From the fanfare to the eclectic program, you outdid yourselves!

**P.E.O. California State Chapter, 92nd Annual Convention**

Thank you, again, to your brass ensemble for choosing, once again, to bless our congregation with your gift of music. We are most grateful. When our church is completed I hope that we can avail ourselves of your gift on a regular basis. **The Church of Saint Luke**

Now that the chaos is over, I have a little time to write. I just want to thank you for, first of all, an awesome performance. The brass was my gift to June and she, along with the rest of our friends, was blown away. No pun intended. Thank you for doing "God Only Knows", it sounded exactly as I had hoped. Your professionalism put a very harried groom at ease and once Premier Brass began to play, I felt a peace come over me that was much needed. We both felt our wedding day was perfect, from location, to flowers, to officiant, and, especially, the music you provided. We had many compliments on your performance and I would not hesitate for one second to recommend Premier Brass to our many friends about to head down the aisle. Continued success to you and thank you for a job well done. **Mike and June**

Thank you for helping to make our wedding all the more special. We have been looking forward to your sound for our wedding since we first heard you at Christmas many years ago. We wish you all well and thank you again! **Kevin and Christianne**
